

11 November 2020

Dear Parents, Caregivers or Guardians

Year 7 & 8 Devices

In 2021, our device programme will be moving to an entirely BYOD format. We have provided minimum requirements to aid you in your search and recommend a suitable device.

The device we are recommending for 2021 is the HP G8 Chromebook. We have selected this model due to the higher CPU, RAM and wireless card specification as well as its durability, reliability, and low cost of repair. This device is the latest model with delivery impacted by the pandemic, these are due in store approximately mid-December.

Purchase Link

We have been able to secure an agreement with Heathcote Appliances, who are able to offer this particular model at a reduced price to Southwell students of \$509 including GST. This also includes 3 years of accidental damage insurance. To take advantage of the offer from Heathcote Appliances please scan or click QR code to order by Wednesday 25th November 2020 to ensure a device is available for the beginning of Term 1.

Device Specifications

If you would like further information on the specifications of the recommended device or the minimum specifications of alternative devices, scan or click the QR code for more information.

Please note that **all BYOD devices** will be managed by Southwell School. Should you have any questions please feel free to direct them to the ICT Department via email at online@southwell.school.nz

Yours sincerely

Haydn Stoevelaar
IT Manager
